Dear Sir,

COVER LETTER FOR AMENDED APPLICATION**RE: "Renewed Petition under 37 CFR 1.137 (b)"**

In response to the "Notice of Non-Compliant Amendment (37 CFR 1.121), Mail Date 10/30/2009.

Non-Provisional Patent Application # 09/888,554. First Application Date 6/24/2001.**This Current Amendment Application Date November 20, 2009.****INVENTION TITLE**

"A Checkout Counter Customer Product Purchase Divider Adapted to Receive Electronics For Interactive Retail Transaction Functions".

In response to your office action mailed 2/18/2010, I am faxing a copy of the marked up version of the amended application and also a clean copy of the Amended Application. I am including the request for identifying the drawings, clarifying the claims and signing the amendment. If you have any questions please contact me.

ADDENDUM A

I am also requesting that any amendments to the claims include substantial support and weight by including the prior art, claims and material included in the **Provisional Patent Application, (USPTO receipt number 60/214545)** which I am requesting to be a prior, and now a continuing, part of this Non-Provisional application as supporting original proof of amendments to the claims and new claims in this application as requested above and on the **Signed Remarks and Arguments Section** of this amended application.

I am resubmitting this non-provisional patent application number 09/888,554 that replaces any prior amended application.

I am request that this Non-Provisional Amended application be a continuation of the **Provisional Patent application** that was filed, and Non-Provisional Application that was filed within the required 12-month time allotment in a timely manor. The **Provisional Patent Application (60/214545) (Receipt Date 6/22/2000)** will demonstrate that prior art was submitted and received by the USPTO and that items in the **Provisional Application** prior art is relevant to the current **Non-Provisional Application (09/888,554)** and this current **amendment**. Initially in the **Non-Provisional Patent Application, dated 6/24/2001 number 09/888,554**, it was requested to include the **Provisional Patent application** as a continuation of the **Non-Provisional Application** and to also to support the claims. I am not sure what have available to you at this point of the original communications and applications so I am enclosing this material and request it to be a continuation of this current amended application. This paragraph is included in **REMARKS AND ARGUMENTS** in this paper.
